Forever float that standard sheet!

Where braves the foe but fills before us
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

Mason and Sidel Surrendered.

The announcement of the surrender of the two traitors, Mason and Sidel, to England, will be received with surprise, and will produce a profound sensation in this country. We have hoped for some days, from the tone of the dispatches from Washington, that such would be the action of our government.

Mr. Seward reasons that the arrest of Mason and Sidel is contrary to our own doctrine in relation to the right of search, and hence the reparation demanded by the British government should be accorded to them; while, at the same time the demand of that government, completely reverses their previous positions and practice.

That this surrender will be regarded by a large proportion of our people as an act of humiliation, we cannot doubt; at the same time, we would advise moderation and calmness, and a cool and dispassionate examination of the reasons for the act, in view of our surrounding difficulties.

KENTUCKY ON EMANCIPATION.—The Kentucky house has adopted unanimously the following modification of a resolution that was offered a week ago:

Resolved, By the General Assembly of the Commonwealth of Kentucky, That all statements in the public prints, that Kentucky contemplates the emancipation of her slaves, are without truth. Kentucky is attached to the institution of slavery, and can and will maintain it.

This is pretty broad ground. No distinction is made between the slaves of rebels and loyal citizens. All are to receive the protection of the Union party of Kentucky, and as the Kentucky policy rules the general government, Wisconsin freemen in the ranks of the army are to be made a guard to watch and retain a negro who takes a notion to leave his servitude and gain his freedom. Encouraging work truly for northern men!

CONFISCATION OF NORTHERN PROPERTY.—Recent Richmond papers announce that the courts are actively engaged in sequestering the debts due in the south to northern merchants. The Dispatch of the 9th inst. reports the proceedings in the case of the confederate states of American agent, Wolff, a merchant in Richmond, to compel the defendant to pay to the rebel government a certain debt due by him to Elbers & Brothers, clothing merchants, New York.

One of the most bitter assailants of Gen. Fremont has been the New York World. It now turns out that Mr. Cummings, its chief editor, had \$2,000,000 placed in his hands by the government for the use of the New York Union Defense Committee, without giving any bond for its disbursement, and is "short" only \$160,000 in his vouchers! He has resigned his position in the paper and gone to Europe for his health. How many more of Fremont's assailants are in the same boat?

The St. Louis Democrat, which is not merely a heart but openly with the abolitionists, disappeared the position of the Louisville Journal on the contraband question.—*Louisville Journal.*

Throughout secession every man who is true to the Union is an "abolitionist."—The Journal adopts that dialect and classification.—*St. Louis Democrat.*

A private letter from Fort Pickens states that the rebels threw into that stronghold, during the late bombardment, six hundred shells, only nine of which exploded.—They were all of English make.

HONORS FOR THE BRAVE.—The secretary of the navy is authorized to cause 200 medals of honor to be prepared, with suitable emblematic devices, which shall be bestowed upon such petty officers, seamen, landmen and marines as shall most distinguish themselves by their gallantry in action, and other seamanship qualities, during the present war; and the sum of one thousand dollars is to be appropriated for that purpose.

AN APOLOGY.—The editor of the Jonesville (Mich.) Independent has three libel suits on hand, and intimates that the only reason he has no more is because they keep him so busy. He says:

The interest of this week's paper is sacrificed to libel suits. The editor has been dancing attendance upon the circuit court, awaiting upon the grave charges against him. It is nobody's business in this week's paper, the omission can be laid to the employment of the editor's time in other business.

SPEEDY FEATHERING.—Some of the beef contractors, a few days before the cattle are weighed, feed them with as much hay as they can possibly eat; they next furnish them with as much salt as they will eat, and give them as much water as they can possibly drink. Cattle "fatted" in this way will weigh nearly two hundred pounds more than they otherwise would.

WINTER STATIONS IN WESTERN VIRGINIA.—The arrangement of the federal forces in Western Virginia for the winter is as follows: General Rosecrank and staff at Wheeling; Colonel Forschner, 47th Ohio, at Gauley Bridge; Gen. Cox's brigade at Charleston; Gen. Milroy, at Cheat Mountain; Colonel Ford, 32d Ohio, at Elkwater; Colonel Moore's 2d regiment at Beverly; one regiment at Huttonsville.

Last Night's Report.

New York, Dec. 27.

A letter from Port Royal reports the occupation of Fernwick Island by our troops, and the extending of our lines to Edisto river, 35 miles from Charleston.

The evening papers have ridiculous specials from Washington that Lord Lyons, instead of making issue on the Mason and Sidel affair, has revived the Maine boundary question, demanding the relinquishment of a part of that state to England.

WASHINGTON, Dec. 27. The Richmond Examiner, of Tuesday, greatly fears that the United States will surrender Mason and Sidel to the British government. It adds, the United States will submit to a shame yet unrecorded in the annals of the history of any nation, rather than disturb their infernal project to grind into the earth the liberties of the south, by the subject submission demanded.

The United States may avert only for a while, a war with Great Britain. The Examiner says that a fleet is now the most exigent desideratum with the south, and censures the confederate government, and the officers of the confederate navy, for their singular turpitude in all matters pertaining to ships, during the whole progress of the war. The Examiner contains copious extracts from northern papers up to the 22d inst.

The general appropriation bill approved by President Davis appropriates for the army about six millions of dollars, and for the navy about four millions.

A naturalization law has passed the confederate congress, which extends its provisions to all persons not citizens of the confederate states, who are engaged in the naval service of the confederacy during the war.

The Nashville Despatch, of the 24th inst. says that gold sold there on the 23d, at 25 per cent. premium, which is a decline of 15 per cent. from former prices. Some days ago it sold at 40 per cent. premium.

ST. LOUIS, Dec. 27. The following resume of recent military operations in Missouri, is obtained from a reliable source:—Within the past two weeks the Union army has captured 2500 rebels, including about 70 commissioned officers, 1200 horses and mules, 1100 stand of arms, two tons powder, 100 wagons, and an immense quantity of commissary stores and camp equipment, and a large foundry at Lexington, used by the rebels for casting cannon, shot and shell.

Most of the rebel craft in Missouri, including ferry boats, have been destroyed or captured. A pretty clean sweep has been made of the whole country between the Missouri and Osage rivers, and Gen. Price cut off from all supplies and recruits from North Missouri, and is in full retreat for Arkansas, with his whole army, having passed through Springfield on Monday last. Our loss in accomplishing these important results, has not exceeded one hundred killed and wounded.

These are the fruits of the brilliant and strategic combinations of Gen. Halleck, which have been so ably executed by Generals Pope, Prentiss and McKean, Colonels Jeff. C. Davis, of Fort Sumter fame, Fred. Steele of the 11th regular infantry, and the brave officers and soldiers of our army, regulars and volunteers.

Price's emissaries to stir up rebellion in North Missouri, and simultaneously burn all railroad bridges, stations and rolling stock, on the 20th of this month, in accordance with orders promulgated from the rebel camp, have been foiled to a great extent in their plans, by the energy of Gen. Halleck, and the whole country between the Missouri and Osage rivers, and Gen. Price cut off from all supplies and recruits from North Missouri, and is in full retreat for Arkansas, with his whole army, having passed through Springfield on Monday last. Our loss in accomplishing these important results, has not exceeded one hundred killed and wounded.

Gen. Halleck's emphatic orders with reference to all bridge burners, are to shoot down every one making the attempt.

OTTUMWA, Mo., Dec. 27. A prisoner, who escaped from the rebel camp at Hannasville, last Saturday, reports that when the news that Gen. Pope's cavalry had driven in Gen. Rains' pickets at Johnston, "was received by Price's army, the greatest consternation prevailed in the rebel camp, cavalry, artillery, infantry and raw, ragged, unarmed recruits, were mixed up in inextricable confusion, and many hours elapsed before any order was restored. The rebel army, the whole army, commenced as soon afterwards as possible, and so fearful were they of pursuit that they burned bridges, and placed every obstruction in the way of the federal pursuit. Even the celebrated bridge built by General Fremont, across the Osage at Wareau, was not spared by the lying rebels. It is reported that one regiment was left on the Osage as a rear guard, and that several small bodies are scattered through the country about Warrensburg, collecting supplies.

A cavalry force has been out in pursuit of them, but our horses are so worn and weary, by other long forced marches, that there is little prospect of capturing these rebel bands.

The last report from Price is, that he passed through Springfield, on route to Arkansas, and it is pretty certain that he will not attempt to return this winter.

NEW YORK, Dec. 27. The excitement and rise in the stock market, this afternoon, is attributed to an impression that a suspension of extensive payments in specie by the banks, will precede the next large treasury negotiation.

The house investigating committee left Washington to-day for Cincinnati.

WASHINGTON, Dec. 26. Our pickets towards Drainsville were driven in this morning.

The secretary of war directs no more horses to be purchased until all now owned are in active service.

Tonight a fire occurred in the government stables, near the observatory, containing over 600 horses. About 200 perished.

The general appropriation bill approved by President Davis appropriates for the army about six millions of dollars, and for the navy about four millions.

A naturalization law has passed the confederate congress, which extends its provisions to all persons not citizens of the confederate states, who are engaged in the naval service of the confederacy during the war.

The Nashville Despatch, of the 24th inst. says that gold sold there on the 23d, at 25 per cent. premium, which is a decline of 15 per cent. from former prices. Some days ago it sold at 40 per cent. premium.

ST. LOUIS, Dec. 27. The following resume of recent military operations in Missouri, is obtained from a reliable source:—Within the past two weeks the Union army has captured 2500 rebels, including about 70 commissioned officers, 1200 horses and mules, 1100 stand of arms, two tons powder, 100 wagons, and an immense quantity of commissary stores and camp equipment, and a large foundry at Lexington, used by the rebels for casting cannon, shot and shell.

Most of the rebel craft in Missouri, including ferry boats, have been destroyed or captured. A pretty clean sweep has been made of the whole country between the Missouri and Osage rivers, and Gen. Price cut off from all supplies and recruits from North Missouri, and is in full retreat for Arkansas, with his whole army, having passed through Springfield on Monday last. Our loss in accomplishing these important results, has not exceeded one hundred killed and wounded.

These are the fruits of the brilliant and strategic combinations of Gen. Halleck, which have been so ably executed by Generals Pope, Prentiss and McKean, Colonels Jeff. C. Davis, of Fort Sumter fame, Fred. Steele of the 11th regular infantry, and the brave officers and soldiers of our army, regulars and volunteers.

Price's emissaries to stir up rebellion in North Missouri, and simultaneously burn all railroad bridges, stations and rolling stock, on the 20th of this month, in accordance with orders promulgated from the rebel camp, have been foiled to a great extent in their plans, by the energy of Gen. Halleck, and the whole country between the Missouri and Osage rivers, and Gen. Price cut off from all supplies and recruits from North Missouri, and is in full retreat for Arkansas, with his whole army, having passed through Springfield on Monday last. Our loss in accomplishing these important results, has not exceeded one hundred killed and wounded.

Gen. Halleck's emphatic orders with reference to all bridge burners, are to shoot down every one making the attempt.

OTTUMWA, Mo., Dec. 27. A prisoner, who escaped from the rebel camp at Hannasville, last Saturday, reports that when the news that Gen. Pope's cavalry had driven in Gen. Rains' pickets at Johnston, "was received by Price's army, the greatest consternation prevailed in the rebel camp, cavalry, artillery, infantry and raw, ragged, unarmed recruits, were mixed up in inextricable confusion, and many hours elapsed before any order was restored. The rebel army, the whole army, commenced as soon afterwards as possible, and so fearful were they of pursuit that they burned bridges, and placed every obstruction in the way of the federal pursuit. Even the celebrated bridge built by General Fremont, across the Osage at Wareau, was not spared by the lying rebels. It is reported that one regiment was left on the Osage as a rear guard, and that several small bodies are scattered through the country about Warrensburg, collecting supplies.

A cavalry force has been out in pursuit of them, but our horses are so worn and weary, by other long forced marches, that there is little prospect of capturing these rebel bands.

The last report from Price is, that he passed through Springfield, on route to Arkansas, and it is pretty certain that he will not attempt to return this winter.

NEW YORK, Dec. 27. The excitement and rise in the stock market, this afternoon, is attributed to an impression that a suspension of extensive payments in specie by the banks, will precede the next large treasury negotiation.

The house investigating committee left Washington to-day for Cincinnati.

WASHINGTON, Dec. 26. Our pickets towards Drainsville were driven in this morning.

The secretary of war directs no more horses to be purchased until all now owned are in active service.

Tonight a fire occurred in the government stables, near the observatory, containing over 600 horses. About 200 perished.

Last Night's Report.

New York, Dec. 27.

A letter from Port Royal reports the occupation of Fernwick Island by our troops, and the extending of our lines to Edisto river, 35 miles from Charleston.

The evening papers have ridiculous specials from Washington that Lord Lyons, instead of making issue on the Mason and Sidel affair, has revived the Maine boundary question, demanding the relinquishment of a part of that state to England.

WASHINGTON, Dec. 27. The Richmond Examiner, of Tuesday, greatly fears that the United States will surrender Mason and Sidel to the British government. It adds, the United States will submit to a shame yet unrecorded in the annals of the history of any nation, rather than disturb their infernal project to grind into the earth the liberties of the south, by the subject submission demanded.

The United States may avert only for a while, a war with Great Britain. The Examiner says that a fleet is now the most exigent desideratum with the south, and censures the confederate government, and the officers of the confederate navy, for their singular turpitude in all matters pertaining to ships, during the whole progress of the war. The Examiner contains copious extracts from northern papers up to the 22d inst.

The general appropriation bill approved by President Davis appropriates for the army about six millions of dollars, and for the navy about four millions.

A naturalization law has passed the confederate congress, which extends its provisions to all persons not citizens of the confederate states, who are engaged in the naval service of the confederacy during the war.

A New Arrangement.

On the 1st of next January a change will be made in the proprietorship of the Gazette Office by the withdrawal of Mr. Bowen. This change will render absolutely necessary a settlement of the subscriptions and other accounts due the present firm. We hope our friends will give this matter their immediate attention, and leave as few debts as possible for settlement after the change is made. It will be easier and better to all concerned to settle before that time, as a settlement must be made.

FOR TIME WATCHES call on

WEBB & LEE.

BAYARD TAYLOR.—Arrangements were completed yesterday by which Bayard Taylor will lecture in this city on the 21st of next month. His subject will be "The American People, Politically and Socially."

THEATRE.—Mr. W. H. Riley will open a theatre at Lippin's Hall, Monday evening, with a company he has been playing with in Milwaukee. This company is said to be an excellent one, and is well recommended to our citizens. The pieces selected for Monday evening are "The Lady of Lyons" and the "The Rough Diamond."

THE "Bad Boys." Capt. Thomas H. Green, 1st Wisconsin Regiment, from Fond du Lac, have been selected by Gen. Negley as his body guard in Kentucky.

If you want to see a splendid assortment of SILVER GOODS call on WEBB & LEE.

The appointment of Dr. Lane of this city is in the 3d regiment of cavalry. It was published as in the 2d regiment.

COMMON COUNCIL.—There will be a special meeting of the council this evening. At the regular meeting Thursday evening, the Mayor and Ald. Barnes, Smith and Shelton were the only members present.

A GENERAL HAUL.—A dance house was broken up in Chicago Christmas morning, and its inmates, nine women and fifty-four men, arrested. Among the latter were 19 soldiers, 7 telegraph operators, 2 merchants, 1 banker, four mechanics and a number of saloon-keepers, drovers and fancy men. Never was a haul more complete. The parties were brought before Justice Davis in the morning and fined in sums varying from three to ten dollars, making altogether quite an addition to the city treasury.

Webb & Lee have the latest styles of JEWELRY.

The pastor of the Baptist church will give his annual sermon to the children to-morrow morning, and his first lecture on the "History of Joseph" in the evening.

THE MASONIC INSTALLATION.—The ceremony of the installation of the officers of Western Star Lodge of F. and A. masons, passed off well last evening. At the hour of half-past seven the court room was filled by the ladies and gentlemen of the city, who seemed to be much interested in the exercise of the occasion. Dr. E. Lewis acted as installing officer, and John M. May as master of the lodge. The address by Judge Armstrong was an able and instructive one and was listened to with the most profound attention during its delivery.

FOR SILVER SPOONS AND FORKS call on WEBB & LEE.

JOHN BROWN'S SON.—Mr. Wilson has received a supply of this song, with the new and revised words. It is a spirit stirring production. Price 25 cents.

A FEMALE SPY ON HORSERACK.—The Washington correspondent of the New York Post relates the following incident: "A woman, with a heavy overcoat and slouch hat, had been noticed for some time dashing about the city in rather a suspicious manner. At last the authorities felt themselves warranted in arresting her; and, accordingly, one morning when trotting down Pennsylvania avenue, she found herself suddenly surrounded by a file of soldiers, and was carried off to prison. But the funniest part was to come. The investigation that followed resulted not only in the discovery of certain important papers, but also of the fact that the cavalier was a woman. How long she had been at the game it is impossible to guess."

WAS ANY ONE KILLED AT FORT SUMTER?—This question, about which there has been so much dispute, is at last answered in the affirmative, by an old negro, now with our troops at Fort Sumter, and who has, of course, no object in stating a falsehood. He says that the fire from Fort Sumter was most destructive, and that in the early part of the fight, four hundred were killed. Every one who was knowing to the facts of the case was cautioned not to reveal them under a penalty of death, and some whom it was deemed unsafe to trust, were imprisoned and have never since been heard of.

FOR HOLIDAY GOODS, call on WEBB & LEE.

MONEY TO LOAN

On Improved Farms. Inquire of J. M. RIGGART, Ryer House.

TO OUR DEBTORS.

It will be seen by a notice in another column, that on the first of January next there will be a change in the proprietorship of the Gazette. The NECESSITY of a settlement of ALL our accounts will be apparent to all who will give the subject their attention, and as our own convenience will be materially promoted by a settlement before the dissolution of the partnership, and the interest of no debtor will be injured by doing in season what must come at last, we hope there will be no request or attempt at delay. Mr. Wilson will devote his time to this matter, and as there are a large number of persons to settle with, let each one be prepared when called on. No one will be turned out of the office if he calls there for that purpose.

GENERAL BANKRUPT LAW.—A special committee of the house, consisting of Messrs. Rogers, Condit, of New York, John H. Watson, of Ohio, R. F. Thomas, of Massachusetts, Wm. W. Wood, of Missouri, and Robert McKnight, of Pennsylvania, all gentlemen of high character and representing in this important matter the Atlantic and western states, have reported a bill providing for a general bankruptcy law. The bill is the result of much consultation and counsel, and reports from Washington say there is ground to look for the passage of the measure.

EXPOSURE OF A LIE.—It is reported that the friends of Gen. Fremont, in congress, intend to insist upon the most searching investigation of army affairs in the eastern departments as well as in the west. Though many may regard this as retaliatory in its nature, it is right and proper. Feculation and fraud are no more honorable in Washington, New York or Pennsylvania, than in Missouri. Every official and contractor should be held to strict account. The speculators and rascals who expect to realize fortunes by robbing the public treasury, are as much the enemies of the Union as Davis, or Floyd, or Cobb. They are but following the example of those illustrious thieves who robbed the nation for the benefit of rebellion.

It is not right that our national treasury, which has been replenished by the patriotism and generous confidence of a loyal people, should be depleted to fill the pockets of unscrupulous officials and rascally contractors. The people expect that the administration will exercise the most rigid economy, consistent with the national safety, in the public expenditures. If the friends of Fremont seek their revenge by exacting economy and honesty on the part of all officers of the government, they will find few to ensure them in a work so entirely patriotic and commendable. This is a war to crush an unholy rebellion, and not to plan the nation.

A LEGITIMATE INQUIRY.—It seems that the secretary of war has refused to lay before the house of representatives "the facts connected with the disastrous movement of our troops at Bull Run." He gives as a reason for this that the public service would not be promoted by a publication of these facts. But will the public service be promoted by covering up that wretched affair and shielding the author of it? Our soldiers have a right to know, surely, that the man who committed such a frightful blunder as that will not have the chance to lead the survivors into a like defeat. The public has a right to feel that the officer who was in fault there will not be trusted again. It is useful to promote confidence among the army and the people, then certainly it is useful to let the facts of the Bull Run affair be made public, in order that the blame and the punishment may rest on the person who deserves it.

AN INCIDENT WITH A MORAL.—An English journal says that the "rationality of Blondin's performance in this: He has perfect confidence in his own senses of touch and balance, and he never looks beneath him. That being so, 50 and 500 feet are the same to him. He looks in a fixed manner and always above; he is guided by his feet. When he is blindfolded, therefore, he is deprived of a sense which is of no use to him—which may, indeed, prove a source of danger. When the drop of the rope at Niagara was forty feet, and he was at the bottom of the curve, he could scarcely avoid seeing the ends of the rope, and that was a source of danger to him. If we were to look down once, we know not what would happen to him, but we may guess that he would find a place where he would never rise to perform any more antics.

IF LIFE, you would succeed, you must look up. The stars are shining, and stay forever in their spheres; the torrent at your feet whirls and roars, and any look at its turbid waters may plunge you into instant destruction.

A New Arrangement.

On the 1st of next January a change will be made in the proprietorship of the Gazette Office by the withdrawal of Mr. Bowen. This change will render absolutely unnecessary a settlement of the subscriptions and other accounts due the present firm. We hope our friends will give this matter their immediate attention, and leave as few debts as possible for settlement after the change is made. It will be easier and better to all concerned to settle before that time, as a settlement must be made.

FOR EASY WATCHES call on
J. H. WEBB & LEE.

BAYARD TAYLOR.—Arrangements were completed yesterday by which Bayard Taylor will lecture in this city on the 21st of next month. His subject will be—"The American People, Politically and Socially."

THEATRE.—Mr. W. H. Riley will open a theatre at Lippin's Hall, Monday evening, with a company he has been playing with in Milwaukee. This company is said to be an excellent one, and is well recommended to our citizens. The pieces selected for Monday evening are "The Lady of Lyons" and the "The Rough Diamond."

The "Badger Boys." Capt. Thomas H. Green, 1st Wisconsin regiment, from Fond du Lac, has been selected by Gen. Negley as his body guard in Kentucky.

The appointment of Dr. Lane of this city is in the 3d regiment of cavalry. It was published as in the 2d regiment.

COMMON COUNCIL.—There will be a special meeting of the council this evening. At the regular meeting Thursday evening, the Mayor and Ald. Barnes, Smith and Shelton were the only members present.

A GENERAL HAUL.—A dance house was broken up in Chicago Christmas morning, and its inmates, nine women and fifty-four men, arrested. Among the latter were 10 soldiers, 7 telegraph operators, 2 merchants, 1 banker, four mechanics and a number of saloon-keepers, drovers and fancy men. Never was a haul more complete. The parties were brought before Justice Davis in the morning and fined in sums varying from three to ten dollars, making altogether quite an addition to the city treasury.

Webb & Lee have the latest styles of JEWELRY.

The pastor of the Baptist church will give his annual sermon to the children to-morrow morning, and his first lecture on the "History of Joseph" in the evening.

THE MASONIC INSTALLATION.—The ceremonies of the installation of the officers of Western Star Lodge of F. and A. masons, passed off well last evening. At the hour of half-past seven the court room was filled by the ladies and gentlemen of the city, who seemed to be much interested in the exercises of the occasion. Dr. E. Lewis acted as installing officer, and John M. May as marshal. The address by Judge Armstrong was an able and instructive one and was listened to with the most profound attention during its delivery.

FOR SILVER SPONS AND FORKS call on
J. H. WEBB & LEE.

JOHN BROWN'S SON.—Mr. Wilson has received a supply of this song, with the new and revised words. It is a spirit stirring production. Price 25 cents.

A FEMALE SPY ON HORSEBACK.—The Washington correspondent of the New York Post relates the following incident: "A horseman, clad in a sort of cavalry costume, with a heavy overcoat and slouched hat, had been noticed for some time dashing about the city in rather a suspicious manner. At last the authorities felt themselves warranted in arresting him; and, accordingly, one morning when trotting down Pennsylvania avenue, he found himself suddenly surrounded by a file of soldiers, and was carried off to prison. But the funniest part was to come. The investigation that followed resulted not only in the discovery of certain important papers, but also of the fact that the cavalier was a woman. How long she had been at the game it is impossible to guess."

WAS ANY ONE KILLED AT FORT SUMTER?—This question, about which there has been so much dispute, is at last answered in the affirmative, by an old negro, now with our troops at Port Royal, and who has, of course, no object in stating a falsehood. He says that the fire from Fort Sumter was most destructive, and that in the early part of the fight, four hundred were killed. Every one who was knowing to the facts of the case was cautioned not to reveal them under a penalty of death, and some whom it was deemed unsafe to trust, were imprisoned and have never since been heard of.

FOR HOLIDAY GOODS, call on
J. H. WEBB & LEE.

To Our Debtors.

It will be seen by a notice in another column, that on the first of January next there will be a change in the proprietorship of the Gazette. The NECESSITY of a settlement of ALL our accounts will be apparent to all who will give the subject their attention, and as our own convenience will be materially promoted by a settlement before the dissolution of the partnership, and the interest of no debtor will be injured by doing in season what must come at last, we hope there will be no request or attempt at delay. Mr. Wilcox will devote his time to this matter, and as there are a large number of persons to settle with, let each one be prepared when called on. No one will be turned out of the office if he calls here for that purpose.

Plated TEA SETS. Castors, Cakes, Baskets, Forks and Spoons, at (each) WEBB & LEE'S.

GENERAL BANKRUPT LAW.—A special committee of the house, consisting of Messrs. Roscoe Conkling of New York, John Hutchins of Ohio, B. F. Thomas of Massachusetts, John W. Noel of Missouri, and Robert McKnight of Pennsylvania, all gentlemen of high character and representing in this important matter the Atlantic and western states, have reported a bill providing for a general bankruptcy law. The bill is the result of much consultation and counsel, and reports from Washington say there is ground to look for the passage of the measure.

EXPOSURE OF ALL CORRUPTIONS.—It is reported that the friends of Gen. Fremont, in congress, intend to insist upon the most searching investigation of army affairs in the eastern departments as well as in the west. Though many may regard this as retaliatory in its nature, it is right and proper. Corruption and fraud are not more honorable in Washington, New York or Pennsylvania, than in Missouri. Every official and contractor should be held to strict account. The speculators and peculators who expect to realize fortunes by robbing the public treasury, are as much the enemies of the Union as Davis, or Floyd, or Cobb. They are but following the example of those illustrious thieves who robbed the nation for the benefit of rebellion.

It is not right that our national treasury, which has been replenished by the patriotism and generous confidence of a loyal people, should be depleted to fill the pockets of unscrupulous officials and rascally contractors. The people expect that the administration will exercise the most rigid economy, consistent with the national safety, in the public expenditures. If the friends of Fremont seek their revenge by exacting economy and honesty on the part of all officers of the government, they will find few to ensure them in a work so entirely patriotic and commendable. This is a war to crush an unbloody rebellion, and not to plan the nation.—*Syracuse Journal.*

A LEGITIMATE INQUIRY.—It seems that the secretary of war has refused to lay before the house of representatives "the facts connected with the disastrous movement of our troops at Ball's Bluff." He gives as a reason for this that the public service would not be promoted by a publication of these facts. But will the public service be promoted by covering up that wretched affair and shielding the author of it? Our soldiers have a right to know, surely, that the man who committed such a frightful blunder as that will not have the chance to lead the survivors into a like defeat. The public has a right to feel that the officer who was in fault there is not to be trusted again. If it is useful to promote confidence among the army and the people, then certainly it is useful to let the facts of the Ball's Bluff affair be made public, in order that the blame and the punishment may rest on the person who deserves it.—*Evening Post.*

AN INCIDENT, WITH A MORAL.—An English journal says that the rationale of Bloudin's performance is this: He has perfect confidence in his own senses of touch and balance, and he never looks beneath him. That being so, 50 and 500 feet are the same to him. He looks in a fixed manner and always above; he is guided by his feet. When he is blindfolded, therefore, he is deprived of a sense which is of no use to him—which may, indeed, prove a source of danger. When the drop of the rope at Niagara was forty feet, and he was at the bottom of the curve, he could scarcely avoid seeing the ends of the rope, and that was a source of danger to him. If he were to look down once, we know not what would happen to him, but we may guess that he would find a place where he would never rise to perform any more antics.

If, in life, you would succeed, you must look up. The stars are serene, and stay forever in their spheres; the torrent at your feet whirls and roars, and any look at its turbid waters may plunge you into instant destruction.

OF

RIORDAN & LEECH,

Main Street, Janesville.

OWING to the immense trade we have done since commencing in this city, (a trade which far exceeds our most sanguine expectations,) we have been enabled to add to our already well selected and extensive stock a still greater variety of

NEW AND DESIRABLE GOODS,

all of which have been purchased previous to the late advance, thereby giving us the advantage of merchandise which have been obliged to pay a far higher rate for goods purchased within the past week or two; we shall therefore continue to sell at prices which are sure to give satisfaction, and which have given us the character of

The Cheapest Store in Janesville,

and which we are determined to maintain during our whole business career.

We call particular attention to our extensive variety of

DELAINES,

comprising the latest styles in market: beautiful figured and plain materials, all colors, Ottoman, Repps, Silk, satin, double width, black and white, black and white, Valenciennes, Cordemans, Coburgs, &c., &c., together with an elegant assortment of

SHAWLS AND CLOAKS.

In this department we have always been able to boast of the best selection in town and have added all the

Different Styles Lately Manufactured,

thereby enabling us to offer the

HANDSOMEST LOT OF CLOAKS

to be found in any city of the west, not even excepting Chicago. Our stock of

Broche, Square and Long Shawls

are cheaper than ever before offered in this city, being the importation of a British Manufacturer & Co. and purchased at auction at about one half their actual value.

We have on hand an elegant variety of

FURS!

consisting of Pitch, French Goosey, Mink, &c., &c., with

MUFFS TO MATCH,

and which we offer

Twenty-Five Per Cent Lower

than any other establishment in this city, a fact fully attested by all who have purchased of us. Our furs are entirely new and warranted free from moths.

It is unnecessary for us to enumerate our stock.

Call, Examine and Judge for Yourself.

We feel grateful for the extensive patronage bestowed on us and hope to merit its continuance.

R. H. RICHARDSON, Proprietor.
